

Sept. 3, 2020

Hello. This is Robert DeRoche. On Tuesday, September 8th we will begin the school year following our Safe Start Schedule. As usual, all this information can be found on the CHS website, in the News tab, and under Back to School Information.

Please make sure you pull up the Safe Start Days document so that you are familiar with the procedures for those four days. We are here to help if you have any questions. Please call the first office at 892-3422 or email me or my staff if you have questions.

Beginning September 14th, we will begin the hybrid schedule. A document explaining the hybrid schedule and a FAQ page is posted on the CHS website. If you have limited computer access, we are more than willing to print these documents for you if you'd like to come by the office and pick them up. Our office hours are between 8 a.m. to 3 p.m. I know much of this is confusing, so please reach out if you have any questions.

Just a few other reminders. Textbooks. If your children still have textbooks from last school year, please have them bring them back when they return to school.

If your child needs school meals on distance learning days, you will need to fill out a meal request form and select the school in our learning community where you will pick up meals. This form is on our school website as well.

Student schedules. Schedules should be accessible Saturday through the Student Progress Center. Please be aware that the schedule may change. Students do not need a copy because every student will receive a copy of their schedule when they return. Please email your guidance counselor if any changes are needed.

Because we were not able to have in person orientations, orientation videos will be posted on the CHS website. New students and returning students should view the videos. The videos and FAQ page has a lot of information for you.

We are following all CDC guidance and district guidance on safety procedures. If you have questions, please refer to the St. Tammany Parish School Board Website. Your child's safety and welfare is very important to us. Please review with them our expectations that are located in the documents posted on the website.

Our teachers have been working hard to be prepared for the return of students. We are looking forward to wonderful school year.

Have a great afternoon.
